

ANUSHA G TALAWAR

@ Jain College of Engineering Belagavi | 8073918356 | anushagtalwar74@gmail.com | [My LinkedIn](#)

PROFESSIONAL SUMMARY

Highly motivated Computer Science Engineering student with strong foundation in programming, web development, and cloud fundamentals. Currently pursuing 6th semester and Skilled in Python, Java, and C with knowledge of data structures, AI basics, and full-stack development. Passionate about building real-world applications and eager to gain hands-on experience through software, web, AI, or cloud internships. Quick learner with strong problem-solving and teamwork abilities.

EDUCATION

Standard	Percentage	Year Of Passing	Board / University
BE(CS)	8.3(CGPA)	2027	VTU
PUC	82%	2023	KSEE Board
SSLC	75%	2021	CBSE Board

CORE SKILLS

Technical Skills

- **Programming Languages:** Python, Java, C
- **Web Technologies:** HTML, CSS, React (Basics)
- **Database:** MySQL (Basics)
- **Cloud & Tools:** Git, VS Code, AWS Cloud Fundamentals

PERSONAL PROJECTS

STUDENT MANAGEMENT SYSTEM | Web Application

Designed and developed a web-based system to manage student records, attendance, and academic performance. Improved data handling efficiency and reduced manual record maintenance.

AGRO SMART-VISION | AI Based Project

Developed an AI-based smart agriculture platform that analyzes soil nutrients, rainfall, and temperature to recommend suitable crops. Helps farmers take data-driven decisions and increase productivity.

CERTIFICATES

IBM SkillBuild

- Artificial Intelligence Fundamentals
- Customer Engagement: Communication and Personality Dynamics
- Customer Engagement: Problem Solving and Process Controls

AWS Academy Graduate

- Cloud Foundations - Training Badge

STRENGTHS | SOFT SKILLS

- Excellent verbal and written communication skills, enabling clear and effective interaction.
- Strong problem-solving abilities with a proactive and analytical approach.
- Effective team management and collaboration skills, fostering a productive work environment.
- Highly adaptable and self-motivated, with the ability to perform efficiently under pressure and tight deadlines.

ACHIEVEMENTS

- Developed academic projects applying programming and artificial intelligence concepts.
- Completed multiple professional certification courses to strengthen technical expertise.
- Actively learning and upskilling in cloud computing and modern software technologies.
